ACTIVITIES INVOLVING FOOD

Dear Parent/Caregivers,

From time to time teachers plan activities involving food as a part of classroom learning activities. These activities provide students with valuable hands on experiences that act as stimulus to in class writing, discussion or response activities. At times students are also able to eat what has been made. This will always occur in class under teacher supervision.

Please complete the permission request, noting any allergies or cultural beliefs that staff need to be aware of during these learning experiences.

There is not a paper note for this activity. **Please provide permission via the Sentral Parent Portal.**

Kind regards,

Beaumont Hills Public School
