## CHICK HATCHING PROGRAM

Dear Parent/Caregiver,

During Term 3, Kindergarten will be exploring life on a farm through literacy activities. One portion of this unit will be investigating, observing and recording the changes in the life cycle of a chicken. Students will read and write informative texts including descriptions, information reports and diary entries whilst having valuable hands-on connections with the chicks.

The chicks will arrive at school as eggs that will be kept in a temperature controlled, see-through incubator until they hatch. Once they hatch, they will be transferred to a play pen where students will be able to pat, hold and feed them on a daily basis. To ensure high quality hygiene, students will be required to regularly wash their hands thoroughly.

In order for students to have daily access to the chicks, there will be two sets. One will be placed in KG/KB and the second set will be placed in KH/KK. This program will run for two weeks. You will have the opportunity to join in our excitement and visit with the chicks during Education Week on Open Day. At the end of the program the chicks are re-homed on a free-range farm.

**Date:** Monday 29 July, 2019 – Friday 9 August, 2019

**Where:** Kindergarten classrooms

**Cost:** \$7.50

In order for your child to participate in this learning experience, please complete the attached permission note and return it with payment to the School Administration office, **no later than Friday 16 August, 2019.**
